

Stronger together: NCFE and GMLPN

We're delighted to announce an exciting new partnership between the Greater Manchester Learning Provider Network (GMLPN) and NCFE, bringing you innovative and cost effective training solutions across a range of sectors.

By working with NCFE, we can offer you up to 25% discount across our huge range of products as well as world class customer service and end-to-end support including dedicated account management, easy to use platforms, bespoke training and much more.

* based on volume

Huge range of qualifications and resources

We offer a huge range of fundable qualifications at all levels and sizes to support your learners through every stage of their journey and fill the skills gaps in your region. Our dedicated team of experts can help you to choose the right qualifications for your cohort of learners and plot their routes to success. From Employability to English and maths, from Sport to Catering and Hospitality, from Childcare to Healthcare, from Education to Business and Admin, from Retail to Travel and more!

Quality end-point assessment services

We're at the cutting edge when it comes to apprenticeships, from advice and expertise to our quality end-point assessment (EPA) solutions. We're already delivering standards across a range of subject areas, offering expertise from sector specialists, a flexible service, clear pricing structure and a large range of support materials to support your organisation and your apprentices.

Skills Forward's eLearning assessment solutions

Skills Forward is one of the UK's leading eLearning assessment solutions for Functional Skills and GCSEs and forms part of the NCFE Group. Their unique assessments, resources and summative assessments can transform how organisations approach Functional Skills, GCSEs and the employability skills development of learners. Last year, they provided over 2.7 million assessments to the post-16 employability and skills sector and can help you to access more accurate visibility of your learners' progress across a variety of work based learning programmes.
