

Fully Funded LGBTQ+ Inclusion Workshop Days Available

LGBTQ+ Education charity Diversity Role Models in partnership with the PA Foundation are excited to be able to offer a number of fully funded LGBTQ+ inclusion workshop days to colleges within your area. These workshops cover a number of focus areas including inclusive terminology, the impact of negative stereotypes, tackling homophobic, biphobic and transphobic behaviour and equality in the workplace.

Who are Diversity Role Models?

Diversity Role Models actively seeks to embed inclusion and empathy in the next generation. Our vision is a world where everyone embraces diversity and can thrive. This will help create a world where future generations embrace, accept and support difference. Our mission is to create an education system in which every person will know they are valued and supported, whoever they are.

What do we do?

We create safe spaces where people can explore difference and consider their role in creating a world where we all feel accepted. Our student workshops feature LGBTQ+ or ally role models who speak openly about their lived experiences, building people's empathy so they can understand the (often unintended) impact of their language and actions. In order to ensure sustained change we supplement this by training school and colleges governors, staff, and parents/carers.

Let's end LGBTQ+ bullying

Diversity Role Models was founded in 2011. We are a registered charity with a mission to end LGBTQ+ bullying in schools. We do this through providing school and college inclusion workshops, resources and training to young people, teachers, governors, staff and parents/ carers across the UK.

Workshops delivered by qualified facilitators

We educate for inclusion. Our education services are developed in collaboration with leading educators and inclusion experts and aim to embed inclusion and empathy. Our delivery model is adaptable to the specific challenges and needs of schools and organisations. Workshops are interactive, educational and delivered by highly qualified facilitators.

Stories are at the heart of what we do

The signature highlight of each workshop is hearing from LGBTQ+ or ally role models about their lived experience. We offer a range of services focused on specific support, from our whole school package to primary, secondary, or college workshops. We also provide a range of age appropriate education resources that are available to download for free.
