## WHO ARE THE UNIVERSITY OF GREATER MANCHESTER

The University of Greater Manchester (UoGM) are No. 1 in the North West for Teaching Quality (The Times and Sunday Times, Good University Guide), and for the past 6 years, they have been ranked No.1 for Student Satisfaction (Complete University Guide – Student Satisfaction – North West). The UoGM currently has over 1200 students enrolled onto Degree Apprenticeships.

Degree Apprenticeships are offered in:

- Nursing
- Health & Social Care
- Engineering
- Clinical and Biomedical Sciences
- Business and Accountancy
- Computing – Digital and Data

## HOW UOGM BENEFITS FROM GMLPN MEMBERSHIP?

*"Here at the University of Greater Manchester, we enjoy unitising all the benefits that come with being part of GMLPN, particularly the useful training sessions and networking events. We know we have access to up-to-date information and a network of expertise that we can tap into."*

**Lynda Farrell, Head of Apprenticeship  
Quality and Compliance**

## WHAT'S GOING WELL?

The University of Greater Manchester is proud of their success rate, which stands at 78% across its Degree Apprenticeship programmes and the excellent employer partnerships that they have built over the years while they have been delivering apprenticeships. Quality of teaching and learning is their main focus which is reflected within their satisfaction results from their learners.

## ASK TO THE NETWORK

The UoGM are looking to partner with providers across Greater Manchester to ensure a clear progression route for students looking to move onto Degree Apprenticeships.

For those seeking more information on Degree Apprenticeships, the University hold regular open days and online sessions, they also have a dedicated website to their Degree Apprenticeship provision – visit [Apprenticeships | University of Greater Manchester](#) to find out more.

The University of Greater Manchester will be delivering the very first Motor Sport Degree apprenticeship in September, using the product design standard. This is a national programme with blended learning and Apprentices will work alongside experts within the field of motorsport and will provide them with the skills and experience to design, develop and refine high-performance vehicles, preparing them for a fast-paced career in the motorsport and automotive industries.

To find out more about everything The University of Greater Manchester has to offer, including open events, course information or to get involved in partnership working, please email:
