Important Information

This role is offered as a secondment opportunity. Applicants should discuss the opportunity with their current employer before applying and have agreement in principle that they would be supported to undertake the secondment if successful.

Any appointment will be subject to a formal secondment agreement between GMLPN and the successful candidate's substantive employer.

Although this role is intended as a 12-month secondment opportunity, we recognise that not all candidates will be able to apply on this basis. We would therefore also consider applications from exceptional candidates seeking a 12-month fixed-term employment contract.
